Deadlines for courses other than semester length are prorated.

Failure to read the Class Schedule or the UAA Catalog does not excuse the student from the rules and procedures described in those documents. The University reserves the right to change or withdraw courses; to change the fees, rules, and calendar for admission, registration, instruction, and graduation; and to change other regulations affecting the student body at any time.

Check the class schedule online for updated information:

The University of Alaska Anchorage has a strong institutional commitment to the principles of diversity and takes affirmative action to achieve that end. The University does not discriminate in its educational and employment programs and activities on the basis of race, color, religion, national origin, age, sex, Vietnam era or disabled veteran status, physical or mental disability, changes in marital status, pregnancy or parenthood.

EDUCATIONAL MEDIA SERVICES

<http://uaa.alaska.edu/distanceeducation>

EDUCATIONAL MEDIA SERVICES

Telecourses will be broadcast only on the UAA GCI cable station (channel 9). See the website at www.uaa.alaska.edu/distanceeducation for a complete broadcast schedule. Web courses will be delivered online using a course management system called Blackboard. Students can log in to Blackboard from the main UAA homepage at www.uaa.alaska.edu by using their student username and their 8-digit student identification number as their password. All distance education course listings appear on the distance education website. A typical distance education course may require a student to consult a syllabus, read corresponding textbook chapters, view related television programs, and/or participate in online activities. Students communicate with the instructor by telephone, email, mail, discussion groups, and audio conferences.

NOTE: KAKM Channel 7, and GCI cable channel 15 will no longer be showing UAA telecourses.

**Educational Media Services and Distance Educational Services are located in GHH 101.
907-786-6177 Fax: 907-786-4485 distance@uaa.alaska.edu**

All distance education students are required to retrieve their syllabus from Blackboard at the beginning of each new semester.

BLACKBOARD

What is Blackboard?

Blackboard is an Internet-based course management system. Through Blackboard, students and faculty interact within a Web course. Students use Blackboard to gain access to the course materials, assignments, and other important items related to their distance course. If you enroll in a distance course, Blackboard is the tool that you will use to do most of your coursework.

Where do I get my Blackboard username and password?

If you do not already know your student username and password, go to the UAA technology website (<http://technology.uaa.alaska.edu/blackboard>) and find in the left margin the Username Lookup box. If that does not work, call the UAA IT Call Center at 907-786-4646 and press option #3 to get your username and password.

Where is my Blackboard course located?

You can access Blackboard from the main UAA site at www.uaa.alaska.edu by selecting the Blackboard link. To log in to Blackboard, enter your student username and your email account password (student identification number). Once inside of Blackboard, you will find all the courses that you are enrolled in listed under the "My Courses" heading.

How do I make corrections to UAOnline or Blackboard?

If there appears to be a discrepancy between your information on UAOnline (<http://uaonline.alaska.edu>) and Blackboard (www.uaa.alaska.edu/distanceeducation), remember that what is on UAOnline represents your official record at UAA. For corrections to UAOnline, contact Enrollment Services (786-1480); and for corrections to Blackboard, contact the IT Call Center (786-4646, option #1).

STEP 1: GET STARTED

<http://uaonline.alaska.edu>

It is the student's responsibility to be aware of the dates and deadlines in this publication.

OPEN ENROLLMENT AND ADMISSION POLICY

The UAA course catalog, class schedule, and most recent updates to the printed schedule are available through this website: www.uaa.alaska.edu/records/catalogs/schedules.cfm.

Everyone who wants to take classes at UAA must be admitted to the University as either a degree-seeking or non-degree-seeking student. All students who have taken classes in the past two years may proceed directly to UAOnline: <http://uaonline.alaska.edu>. If you have not taken classes in the past two years, please go to the Registration link www.uaa.alaska.edu/admissions/wizard.cfm to become eligible for registration.

UAA's open enrollment policy allows students to register for courses in which they have adequate background. To qualify for admission, a student must meet the following requirements:

- 1) Have earned a high school diploma or the equivalent (GED); or
- 2) Be 18 years of age or older and have participated in UAA's assessment and advisement process (see section on Academic Advising in this schedule); or
- 3) Qualify under special University programs; and
- 4) Complete the Registration Wizard.

Admission as a non-degree seeking student does not guarantee future admission to a degree program. Credits earned as a non-degree seeking student may be applied to degree programs only as specified in admission to the individual degree seeking programs.

<http://uaonline.alaska.edu> (select Login to Secured Area, follow the prompts)

A PIN is the 6-digit personal password that will enable a student to register for courses, verify/update a mailing address, view account summary, pay account, view holds, print semester grade reports, and print unofficial transcripts. It is initially set as the month, day, and year of your birth, for example: April 1, 1977, enter 040177 (mm/dd/yy).

If your PIN has expired, follow the instructions provided on UAOnline and enter a new 6-digit PIN.

If your PIN is invalid, it is different than the numbers you are entering, try the Forgot PIN button.

If you cannot remember it, try the Forgot PIN button.

If your PIN is disabled, contact Enrollment Services at 786-1480, option #3; or after hours contact IT Services at 786-4646, option #1, #1).

Protect the security of your PIN by keeping it private and changing it frequently.

PIN - PERSONAL IDENTIFICATION NUMBER

*** APPLICATION DEADLINES ***

Application for Admission to Degree-Seeking Status for Spring 2007: November 1

Application for Graduation Summer 2007: March 1

Application for Graduation Fall 2007: May 1

CHANGE ADDRESS ON UAONLINE

It is important to keep your address of record up to date. Billings, refunds, and financial aid disbursements may be mailed to you. If your address has changed, you may update it online at <http://uaonline.alaska.edu>. Login to Secured Area, then select Personal Information, followed by Update Address and Phone.

ORIENTATION

New Student Orientation is designed to help students understand what to expect in their first year, both academically and personally. It is set up to alleviate fears and anxieties, answer questions, and familiarize students with the campus and its available resources. Because orientations are small in size, students may begin to make connections with other new students, staff, faculty, current students, and the campus itself before classes begin. For more information, see the inside back cover of this schedule, or go to the website:

www.uaa.alaska.edu/orientation.

STUDENT ID NUMBER/ SOCIAL SECURITY NUMBER

To protect your privacy, the University of Alaska will assign you a student ID (SID) number that is different from your social security number (SSN). Your SID, rather than your SSN, will be used to identify your educational records.

UA is required to obtain your SSN for Federal financial aid and tax reporting purposes. The Privacy Act Notice--Section 6109 of the Internal Revenue Code requires you to give your correct SSN to persons who must file information returns with the IRS to report certain information. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. For more information, please refer to IRS Code 6050S.

STEP 1: GET STARTED

www.uaa.alaska.edu/advising-testing

The goal of academic advising is to assist students in developing educational plans consistent with career/life goals and to provide them with the information and skills needed to pursue those goals. It not only involves telling students what they need to know, but also aims to enable them to discover things for themselves. Academic success is often greater when students and their advisor share a good working relationship. It is important to know who your advisor is and to seek advice often.

Those admitted to UAA as baccalaureate students indicating an “undeclared” major, and students admitted to the Associate of Arts degree are assigned to the Advising and Testing Center. Students attending as non-degree seeking may also seek advising through the Center.

DEPARTMENTAL ADVISING

Admitted students with a declared major are assigned to a faculty advisor within the academic department offering the major. The advisor can guide the student on University policies and procedures, general and degree requirements, and career options. For departmental contacts, see the inside back cover of this schedule.

ADVISING AND TESTING CENTER

Student Services professionals provide multiple services for prospective and enrolled UAA students. These services include academic planning and course selection, placement testing, and career counseling. To schedule an appointment, please call (907) 786-4500. Appointments are available 8 am - 5 pm M-R and 8 am - 4 pm Friday. Walk-in hours are Monday - Friday 10 am - 4 pm. The Advising and Testing Center is located in the University Center, room 112. Additional information is available on the website at www.uaa.alaska.edu/advising-testing. General questions may be emailed to ayadvisetest@uaa.alaska.edu.

Taking ENGL A111? Where will you go from here?

The English Department offers four options for students taking their 200-level General Education Requirement in Composition: ENGL A211, A212, A213, and A214. Because each of these courses is designed to prepare students for specific academic and professional fields, careful selection is important. Check the course catalog for the requirements of your major and consider taking this document with you when you meet with your academic advisor.

STEP 2: PLAN FOR SUCCESS

<http://uaonline.alaska.edu>

Please check the following before you start the new semester.

- ☐ Read all information in the front pages of this class schedule. It is the student's responsibility to be aware of the dates and deadlines in this publication.
- ☐ Apply for admission.
- ☐ Meet with your major advisor or an advisor in the Advising and Testing Center for assistance in selecting your courses.
- ☐ Review any registration restrictions, prerequisites, and special notes that may be associated with the courses you select (for example, completion of Math or English Placement Test).
- ☐ Attend New Student Orientation if this is your first semester.
- ☐ Verify financial aid and check disbursement information. (See page 15 of this schedule for details.)
- ☐ Check <http://uaonline.alaska.edu>, and select the Class Schedule link for course offering updates. Be sure to check the start dates and locations of each course for which you register.
- ☐ Register for classes through UAOnline.
- ☐ Pay tuition and fees before published deadlines to avoid being assessed late payment fees. You are responsible academically and financially for your registration activity. Unpaid accounts will be sent to a collection agency and/or collected via garnishment of State of Alaska Permanent Fund Dividends.
- ☐ Purchase books and supplies at the Bookstore. www.uaa.alaska.edu/bookstore
- ☐ Remember to officially drop or withdraw by the published deadlines if you decide at any time that you are unable to complete a course. Failure to do so will result in a grade of "F" for non-attendance and may affect your financial aid and grade point average (GPA).
- ☐ Be aware of class locations. The UAA campus is over a mile long and the University Center facility is 1.2 miles from the main campus. Seawolf Shuttles provide an easy way to move between buildings on the campus. However, it takes time to ride the shuttle and walk to your classroom. When enrolling for classes, allow extra time to reach widely separated buildings. University Center courses are designated with the location code of UC.

At UAA, Safety is Everybody's Business!

www.uaa.alaska.edu/safety

We care about your safety on campus. While relatively safe, our campus is not a sanctuary from crime or accidents, which still occur no matter how hard we try to prevent them. You are encouraged to be responsible for your own safety and to bring safety concerns to the attention of UAA faculty or staff or contact the University Police Department at **786-1120** when you observe an unsafe environment.

For your own safety, please try to take the time to locate the nearest exit and emergency telephone when you are in campus buildings. www.uaa.alaska.edu/records/catalogs/schedules.cfm

Everyone who wants to take classes at UAA must be admitted to the University as either a degree-seeking or non-degree-seeking student. All students who have taken classes in the past two years may proceed directly to UAOnline: <http://uaonline.alaska.edu>. If you have not taken classes in the past two years, please go to the Registration link www.uaa.alaska.edu/admissions/wizard.cfm to become eligible for registration.

UAOnline registration will be open Monday, **November 6** at 12:01 a.m. and will remain open 24 hours per day, seven days per week until it closes on Monday, **January 22** at midnight. Telephone assistance is available during regular business hours at 786-1480, option 3.

November 6 - January 15: Open access registration is available to all admitted students.

January 16 - 22: Late Registration online--Open access is available to all admitted students.

For any given semester, a student may not be concurrently registered in two or more sections of the same course that have the same or overlapping starting and ending dates. UAA may drop/withdraw students from ALL sections for which they have multiple registrations. This administrative drop may be done at any time without prior or subsequent notice to the student.

\$50 Late Registration Fee charged for first-time registrations
(excluding senior citizens and adjunct faculty who register in person)

January 16 - 29: Late Registration will be held at the University Center on Monday-Friday, 9am - 5pm. The late registration period for courses with dates other than the published full semester dates will be prorated according to the length of the course.

The payment deadline for the late registration period is **January 29**. See the Step 5: Pay Tuition section of this schedule for general payment information.

January 16 - 22 During this period, a faculty signature is required to register for a closed course, and for courses requiring department/instructor approval.

January 23 - 29: During this period, a faculty signature is required to register for any course unless it has not yet started, according to the published start date of the course. All drops must be done in person.

Students unable to register in person may have a proxy (someone else) register for them. Spouses, parents, and friends are required to have a signed authorization to register for another person, including secondary school students. The student must provide the proxy with a signed Proxy for Registration Form or other signed authorization to do so. The proxy must submit the signed authorization and picture ID at the time of registration.

www.uaa.alaska.edu/admissions/forms.cfm.

Students may withdraw from courses online during weeks 3 through 12 of the semester. Applies only to full semester-length courses. Please see calendar on front cover for applicable dates.

Photo ID is required for all transactions in person.

Students may register on a space available basis, as priority is given to degree-seeking students. Enrollment may not exceed seven (7) credits per semester; prerequisites must be met; courses must be at the 200-level or below. To apply for admission as a non-degree-seeking student online, go to <http://uaonline.alaska.edu>. At Application Type, select UAA Secondary School. ALASKA RESIDENCY

The University of Alaska policy on Resident and Non-Resident Tuition policy may be referenced in the current UAA Course Catalog, which is available online: www.uaa.alaska.edu/records/catalogs. The Residency form and Application for Non-Resident Surcharge Waiver may be found online at www.uaa.alaska.edu/admissions/forms.cfm. The deadline for requesting residency and submitting all required documentation is prior to the published first day of instruction. Residency is calculated based on the first day of classes for the semester for which residency is sought.

- Non-resident students who restrict their registration to no more than four (4) credits each semester will be charged resident tuition.
- Non-resident students taking five (5) credits or more are assessed non resident fees on all academic credits.

SENIOR CITIZENS

The Board of Regents approved the following revision to Regents' Policy 05.10.08.B to read: "Regular tuition shall be waived for Alaska residents who are otherwise age eligible to receive full social security retirement benefits, who register on a space available basis; that is, when courses can accommodate such students in addition to other enrolled students." Transitional provision: "Individuals who were eligible for senior citizen tuition waivers on September 21, 2005 under the previous policy shall continue to be eligible for the waiver."

- Senior citizens must pay all additional course fees. To waive tuition, senior citizens must register and present a completed tuition waiver with proof of age during the late registration period.
- Registration using a senior citizen tuition waiver for payment is permitted only during late registration and must be completed by the add deadline.
- Senior citizens may elect to register before the late registration period; however, they must pay full tuition and fees (use of senior citizen tuition waiver will not be accepted). Senior citizens electing to register and pay tuition are subject to all payment deadlines. Refunds will NOT be available to senior citizens who drop courses and then re-register in the same courses using a tuition waiver during late registration.

Tuition waivers for eligible senior citizens are available at late registration, from Accounting Services, or online: www.uaa.alaska.edu/admissions/forms.cfm.

Note: The Student Government Fee and Student Media Fee are waived for senior citizens. The Student Life Fees are mandatory for all students taking three (3) or more credits on the Anchorage campus.

STEP 4: CALCULATE EXPENSES

The 2 percent network charge will be applied on a course-by-course basis to tuition, non-resident surcharges if applicable, and fees in lieu of tuition, for credit and non-credit courses. Courses with applicable fees charged in lieu of tuition less than the lower division credit hour tuition rate (\$120 for Academic Year 2006-2007) will be exempt from the charge. All calculated fees will be rounded to the nearest dollar. The minimum network charge per course will be \$2.

Administrative Fee

An administrative fee may be charged instead of tuition. This fee amount is listed in the course description section of this schedule.

Continuous Registration Fee (Graduate Students)

FINANCIAL AID STATUS BY UAONLINE

Most information related to student financial aid may be accessed through UAOnline:
<http://uaonline.alaska.edu>

UAA's Student Financial Aid Office (SFAO) assists students and prospective students in applying for aid programs. State and Federal governments, the University, and many private organizations offer grants, scholarships, loans, and employment opportunities to students who demonstrate need for such assistance. Types and amount of aid vary according to guidelines, student needs, and availability of funds. Students wishing to apply for the Alaska Supplemental Educational Loan must complete a FAFSA.

The SFAO recommends that students complete their Free Application for Federal Student Aid (FAFSA) before **November 1** for **Spring 2007**. Other applications and required paperwork should be submitted to the SFAO by **December 1, 2006**. Paperwork submitted after this deadline will cause delays in the receipt of aid and may miss the tuition payment deadline.

Students whose aid will not arrive by **January 29, 2007** must pay or make payment arrangements by the payment deadline, **January 29**. Refer to the section on Tuition Management Services (TMS) payment plans in this publication.

Note: Any amounts due to the University will be deducted from funding sources prior to issuing a net check to the student. For Federal financial aid, an authorization must be on file for any non-institutional, incidental or prior year charges for it to be automatically deducted. If this form is not on file, it will slow the processing of your aid when it arrives. The Financial Aid Authorization form may be obtained at www.uaa.alaska.edu/financialaid, and faxed to the disbursement office at 786-1301.

A link to the Dept. of Education, along with many scholarship tips, forms, and policies may be found at www.uaa.alaska.edu/financialaid.

For more information, please refer to the UAA Course Catalog, or call the UAA Student Financial Aid Office at 786-1586.

3. Have maintained satisfactory academic progress.

 - a. Full-Time: 12 or more credits for undergraduate students and 9 or more graduate credits for graduate students.
 - b. Half-Time: 6 or more credits for undergraduate students and 5 or more graduate credits for graduate students.
 - c. Graduate students taking 400 level undergraduate course work must have verification from the Registrar's Office that the undergraduate course work will apply toward the graduate degree (100, 200, & 300 level courses are not applicable to graduate degrees).

FINANCIAL AID FOR VETERANS

Veterans of the U.S. Military and their eligible dependents may qualify for certain educational benefits. Contact the UAA Office of Student Financial Aid at (907) 786-1586, opt. 4, or visit the website:
www.uaa.alaska.edu/financialaid.

SATISFACTORY ACADEMIC PROGRESS

To remain in good standing for Federal assistance, students must complete the number of credits for the level they attempt. In addition, they must maintain a minimum grade point average (GPA) of 2.00 for undergraduates and 3.0 for graduates. Students who do not maintain satisfactory academic progress have the right to appeal to the UAA Office of Student Financial Aid. Students who have deferred their tuition and fees, and who have not maintained academic progress must either resolve their academic standing, make payment in full, or drop from all courses by **January 23, 2007**. To read the policy, please refer to the UAA course catalog, available online in PDF at <http://edit.uaa.alaska.edu/records/catalogs/catalogs.cfm>.

Financial Aid crediting of PELL, SEOG, Stafford Loans, Foundation Scholarships, UA Scholars Scholarships, Alaska Alternative Loans, and Academic and Graduate Tuition Waivers to student accounts will begin on **January 8, 2007** for the **Spring, 2007** semester. Final grant and scholarship calculation for each term will be made on **January 29, 2007**, the end of the add/drop period.

Students whose aid has not arrived prior to the payment deadline will be required to pay by the deadline. Payments plans are available. See the section on Tuition Management Services (TMS).

Disbursement checks will be mailed to the student's mailing address of record beginning **January 9**. No stop payment actions for checks lost in the mail will be processed prior to ten working days from the date of the mailing. There will be a \$15 fee for all checks reissued due to a stop pay request by the student. Be sure to keep your University mailing address current. You may update your address on UAOnline. Financial aid students who wish to pay tuition and fees with a credit card prior to financial aid being processed, must pay before **January 8**. Once financial aid has been credited to the account, UAA will only process a credit card payment for any balance due.

Remember, any change in registration status can impact student financial aid.

Incomplete grades, audits, withdrawals, or grades of "F" or "NC" may adversely impact loan or award eligibility. Students should talk with a UAA Financial Aid Advisor before changing course loads.

All students planning to register for any chemistry course at or above CHEM 105 are required to bring written proof to the first class meeting in the semester of having met the prerequisites for that course as listed in the current UAA Catalog. This proof may be a transcript, grade slip, or letter from a faculty member, and must be given to the instructor for examination.

Students who do not have this proof may be administratively dropped immediately at the discretion of the faculty.

Most Chemistry courses require a lab with a lecture. You **MUST** enroll in both.

Due to University Safety and Hazardous Communications requirements, attendance is mandatory for all Chemistry laboratory courses the first week.

Any student not attending the first scheduled meeting for CHEM A055, A103, A104, A105, and A106 labs will be administratively dropped and any student of a waiting list will be added.

Any fees resulting from this drop/add procedure or any late registration procedure will be the responsibility of the student.

*Offered through the Community & Technical College
University Center (UC) Room 130, 786-6423
www.uaa.alaska.edu/ctc/programs/applied/cios*

C IOS self-directed courses are indicated by MTWRFS in the class meeting day column. There are no class meeting dates/times for these courses and students complete the coursework at their own pace throughout the semester. Some classes may be completed at home, depending on software requirements.

Students enrolled in these courses start by entering the Blackboard site at <http://technology.uaa.alaska.edu/blackboard>, reading the syllabus, and then completing any pre-course activities before starting the assignments. Tutorials for using Blackboard are under the Student Resources section of the website above.

Students can also receive assistance from the C IOS lab staff and complete coursework in the University Center Mall, Room 133; check the lab schedule for open lab hours. Self-directed courses must be completed during the semester in which they are taken.

STUDENT AND PARENT/GUARDIAN AGREEMENT

The registration process at UAA requires all secondary school student applicants and their parents/guardians to complete a Secondary School Student and Parent/Guardian Statement of Understanding and Approval. Signing the agreement signifies understanding of, and agreement with/to all of the following:

1. University work is much more rigorous and much less guided than secondary education course work;
2. The courses taken will establish an official transcript that will follow the student throughout the student's college and/or university career;
3. Adult themes and diverse perspectives are essential to University materials and discourse;
4. A secondary school student who registers in University courses is responsible for maintaining at least a "C" (2.00 on a 4.00 scale) cumulative high school grade point average in order to register for college-level credit;
5. The University will not act in a parental or supervisory role;
6. A parent or guardian may not attend a course in which their secondary school students is registered unless and until the parent or guardian is also officially registered for the course;
7. A secondary school student who registers in University courses is fully responsible for complying with all policies and procedures of the University;
8. A permanent University disciplinary record is established for all students who are found responsible for violating the Code of Conduct. The Code of Conduct may be referenced in the UAA Catalog.

UNIVERSITY DETERMINATION

The University reserves the right to deny or discontinue the enrollment of a student in a course or courses if the University determines that the student lacks the maturity, the legal or intellectual ability, or the academic preparedness to participate on an equal footing with other students, or if it is otherwise not in the legitimate interest of the University for the student to participate. Factors that may be considered in such a determination include, but are not limited to, the following:

1. Whether the parents (including guardians) of the student support the student's enrollment in the course;
2. Whether, in the judgment of the faculty member, the student:
 - a. possesses the intellectual and academic resources to participate meaningfully on an equal footing with other students,
 - b. has the emotional maturity to absorb and appreciate the significance of material covered in the course,
 - c. has the potential to behave appropriately so as to not disrupt the class or distract the faculty member or other students in the course,
 - d. is independent and will not require undue care, attention, or monitoring by the faculty member, and
 - e. possesses the physical ability to perform physical functions in the course without undue risk;
3. Whether the course involves high risk activities for which the University requires a release of claims of all students, in light of the fact that such a release is not enforceable as to a student under the age of 18; and
4. Whether the student can lawfully participate in the course.

SECONDARY SCHOOL STUDENT ENROLLMENT REGISTRATION PROCESS

University of Alaska Anchorage
Enrollment Services
P.O. Box 141629, Anchorage, AK 99514-1629

To complete the registration process, secondary school students must:

- ☐ Submit the *Secondary School Student Admission Application form* at www.uaonline.alaska.edu through Enrollment Services, or at community campuses. (each semester)
- ☐ Pick up *Secondary School Student Enrollment forms* online, in the back of the UAA Class Schedule, at Enrollment Services (located in the University Center), or at the community campuses.
- ☐ Complete the Student Information section of the *Secondary School Student Signature Form*. The form must be signed and dated by the student.
- ☐ Obtain signed approval on the *Secondary School Student Signature Form* of parent and/or guardian. Parent and/or guardian signature denotes agreement and understanding of the Student and Parent/Guardian Agreement.
- ☐ Obtain signed approvals on the *Secondary School Student Signature Form* from the local area School District designees. The designees will assess the student's social and academic maturity and readiness for success and safety in the courses requested. If the student is home schooled, the home school organization director will serve as the local area School District designee.
- ☐ Obtain signed approval on the *Secondary School Student Signature Form* of the course instructor. The course instructor's approval is based on the instructor's judgment that the student meets factors 1 through 4 in the University Determination section of this policy. Course instructors may require copies of high school transcripts and SAT, ACT, or an approved test to determine appropriate course placement. Faculty signatures only indicate permission to register and attend; this is not a guarantee of admittance into a closed (full) course.
- ☐ Complete a *Proxy for Registration Form* if someone other than the student is processing the request. This needs to be signed by the student and parent/guardian.
- ☐ Submit above stated forms to the UAA Enrollment Services director or community campus director for review and final approval. The campus designee will review the student packet for completeness and assess the student's social and academic maturity and readiness for success and safety in the courses requested.
- ☐ Register on a space-available basis, as priority is given to degree-seeking students. Enrollment guidelines for qualified secondary school students are as follows:
 - Enrollment may not exceed seven credits per semester;
 - Prerequisites for the courses requested must be met;
 - Courses must be at the 200-level or lower (exceptions must be approved by the course instructor, department chair, and Dean, Director, or designee).
- ☐ Pay all tuition, course, and student fees.
- ☐ Adhere to UAA policies and procedures found in the catalog and student handbook.
- ☐ Attain a grade of at least "C" (2.00 on a 4.00 scale) from each UAA course to receive permission to register for future semesters.
- ☐ Meet other program requirements established for secondary school students at the community campuses.

Members of the campus community may obtain information concerning registered sex offenders from the Alaska Department of Public Safety through the following web site: www.dps.state.ak.us/sorweb/sorweb.aspx.

TERMS AND DEFINITIONS

ARR Course meeting time or location is arranged between the student and instructor.

AUDIT To take a course for general information only; no credit will be received. Tuition and/or fees are the same as taking the course for credit. Course appears with a status of "AU" on the transcript.

BLOCKED COURSES Distinct courses that are grouped together for registration purposes but that are offered at different times and locations. Students must register for the entire block.

CONCURRENT ENROLLMENT Student required to register for and attend both courses in the same semester.

CONTINUING EDUCATION UNIT (CEU) COURSES Numbered AC001-AC049, CEU courses are offered for career development. One CEU is given for each 10 hours of instruction. CEUs are not transferable to credits. They have no regular tuition but do have other special fees. These courses do not meet degree requirements. Certificates of completion are available for students who have satisfactorily completed the requirements of a CEU course.

CONTINUOUS REGISTRATION (GRADUATE STUDENTS) Continuous registration is expected every fall and spring semester, from admission through graduation until all degree requirements are completed. Students have the option of registering for at least one graduate credit applicable to their degree; or, students can register and pay for Continuous Registration Fee that will allow them to remain active in their degree program without registering for any courses. Students are expected to register and pay the Continuous Registration Fee for the summer semester if they use university facilities or consult with faculty during the summer. Please contact the individual graduate program for departmental policies concerning continuous registration.

CO-REQUISITES Courses that must be taken concurrently. A student is required to register for and attend both courses in the same semester.

COURSE REPEATS Some courses may be repeated for additional credits if that option is stated in the course description. All courses may be repeated for student GPA improvement. Repeat courses are not automatically calculated as a repeat in the student's GPA. It is the student's responsibility to notify Enrollment Services of course repeat activity affecting GPA calculation.

CREDIT/NO CREDIT GRADING A grading option which may be changed prior to the add deadline for that course. Students should see an advisor and read the CR/NC section of the UAA Course Catalog before choosing this option.

CROSS-LISTED COURSES Identical courses offered under separate subject codes. For example, BA/JUST A241 cross-lists the Business Law I course with two departments: Business Administration and Justice. Students may register under either subject prefix, but not both.

DIRECTED STUDY A Directed Study course is a permanent catalog course delivered on an individual basis when the course is not offered that semester. All forms must be submitted to Registration. There is a one working day processing period for Directed Study courses. The student must then register for the course.

DROP To drop from a course, beginning week 1 through week 2 of the semester. Check the semester calendar for specific deadlines. Deadlines to drop courses scheduled to meet for less than full semester length are prorated. A student cannot drop a course after it has ended.

FACULTY SIGNATURE Some courses include "faculty permission" as a registration restriction. Students must obtain faculty signature prior to registration.

GUIDED STUDY The Guided Study Math Program incorporates flexible competency-based learning in a developmental setting. For example, the student must get 80% on each chapter test before moving onto the next chapter. The tests are not timed, may be repeated without penalty and are taken in the Math Learning Center when each student is ready (guidelines established by the instructor). The curriculum is the same as that offered in lecture-based classes. Students are required to attend class at the scheduled times. The purpose of the Math Lab is to provide tutoring, various other resources, and testing.

INCOMPLETE GRADE An "I" (Incomplete) is a temporary grade. It is used to indicate that a student has made satisfactory progress in the majority of the work in a course, but for unavoidable absences or other conditions beyond the control of the student, has not been able to complete the course. The Incomplete Grade Contract, a signed contract form between the student and the faculty member that stipulates the assignment(s) required to finish the course, is required and must be completed for each "I" grade assigned and is to be maintained in the department or dean's office. Course work must be completed by a date specified in the contract, not to exceed one year. Upon completion of the required course work, the faculty member must submit a change of grade form to Enrollment Services. If course work is not completed within one year or if the terms specified on the Incomplete Contract are not met, the student

may be assigned a failing grade (F or NP, depending on the grading basis of the course). If course work is not completed within one year and the faculty member does not submit a change of grade at that time, the "I" will become a permanent grade and it will be necessary for the student to re-register to obtain credit for the course.

INDEPENDENT STUDY An Independent Study course consists of topics chosen by the student with the approval of the department concerned, with the supervision of an instructor, and final approval by the dean. These courses are not a duplication of a permanent catalog course and must differ significantly from a catalog course. All supporting documentation needs to be maintained by the student. All forms must be submitted to Registration. There is a one working day processing period for Independent Studies. The student must then register for the course.

NON-CREDIT COURSE A non-credit course is offered as a special interest course for quality continuing education and leisure time instruction. Numbered A001-A049, non-credit courses do not meet degree requirements. They have no regular tuition fees but do have other special fees. These fees are listed in the course description area in this class schedule.

OVERLOAD Students may register for a maximum of 19 credits during the fall and spring semesters, and a maximum of 15 credits during the summer session. Students who want to enroll for additional credits must submit an approved Request for Credit Overload form. Admitted degree-seeking students must complete the form and obtain their advisor's signature and the signature of the dean. Non-degree-seeking students only need an advisor's signature. Prior to registering, submit the completed Request for Credit Overload form, located online at www.uaa.alaska.edu/admissions/forms.cfm.

PREREQUISITE A course or condition that is required prior to registering for and attending the course.

PRORATE To divide or assess proportionally, monies or deadlines according to the published length of the course.

PROXY REGISTRATION Students unable to register in person may have a proxy register for them. The student must provide the proxy with a signed Proxy for Registration form or other signed authorization to do so. The proxy must submit the signed authorization and picture ID at the time of registration. A Proxy for Registration form is available in the back of this class schedule or online: www.uaa.alaska.edu/admissions/forms.cfm. The proxy must follow the policies and calendar governing registration. Spouses, parents, and friends are required to have a signed authorization to register for another person, including those registering for secondary school students.

SELF-SUPPORT COURSE A self-support course is supported by participant fees and is calculated and refunded separately from regular tuition. Tuition waivers cannot be used for self-support courses.

STACKED COURSES Occasionally two or more courses are scheduled in the same classroom at the same time. These are referred to as stacked courses. Catalog descriptions of these courses include the statement "May be stacked with." The semester class schedule will indicate if a course is being offered in stacked format and list which course(s) are being stacked. Students register for only one course.

TBA To Be Announced. Information not available at printing deadline. Contact departments or access the Web for the latest information on room locations and faculty assignments. At <http://uaonline.alaska.edu>, select the Class Schedule option.

TOTAL WITHDRAWAL To withdraw from all coursework in a semester. Student initiated. Cannot withdraw from a course after it has ended.

VARIABLE CREDIT Example: 1-6 CR. Course may be taken for 1 through 6 credits with prior approval of the faculty member. Example: 2/4. Course may be taken for either 2 or 4 credits. Student specifies the number of credits during registration.

WITHDRAWAL To withdraw from a course beginning week 3, through week 12 of the semester. Deadlines to withdraw from courses less than semester length are prorated. Course withdrawal begins the day following the drop deadline. Course appears with a status of "W" on your transcript. Cannot withdraw from a course after it has ended.

The courtesy of swapping a course and/or section for another will no longer be honored after Spring 2006 semester.

Department/Faculty Approval

Save yourself a trip! If you are adding a course that requires a faculty signature, ask your department to put the approval code into the student database, which will allow you to register online.

Working together for a better U!

Changes Happen

Check your schedule prior to the start of the semester to see if anything has changed. Be aware of payment, refund, and registration deadlines.

Prerequisites--Be Prepared!

Check out the prerequisites and registration restrictions before enrolling in your courses. Making sure you have the required background leads to success and may prevent being dropped for lack of academic preparation during the first few weeks of class.

Web Grading

Want your grades faster? Encourage faculty to take advantage of the new online grading option. Grades become available to students less than one minute after being submitted by faculty.
